

Who needs the sea with this lake?

The Parkhotel Brenscino Brissago with its pool, the botanical garden and an unrivaled view over Lake Maggiore is a true «hub» where you return to every night and leave every morning to discover the many attractions of the region.

From Zurich by train you can reach this oasis in two and a half hours. From Basel and Bern it will take you four hours, from Milan just under two hours and from Lausanne four and a half hours.

Whether it is enjoying the view of the lake standing by the biotope in the 38,000m² botanical garden, finding a quiet spot on a sun lounger or playing a game of mini-golf with your children, pure relaxation starts right here after your arrival.

The Italian sun shines from the south, the Swiss mountains tower high behind the hotel and you can enjoy the best of both countries in our restaurant or in-house pizzeria.
